EXPERIENCE

Steptoe LLP
June 2026 - August 1, 2026

Information Technology Intern, AI & Data Innovation | Washington, DC

- Built and deployed a **Microsoft Copilot agent** to log contract records and search, filter, and retrieve licensing information from a centralized repository.
- Created an **automated contract and licensing tracker** to centralize vendor, application, budget, invoice, renewal, and expiration data.
- Developed Power Automate workflows for record intake and updates, reducing repetitive data entry and improving consistency.
- Cross-referenced contracts, purchase orders, invoices, and budgets to flag duplicate, outdated, and incomplete records for team review.

Walgreens
2022 - Present

Shift Leader, 2023 - Present | Customer Service Associate, 2022 - 2023 | Fall River, MA

- Promoted to shift leader; supervise daily operations, train team members, and coordinate task coverage while following company procedures.
- Resolve escalated customer concerns and troubleshoot operational issues in a fast-paced retail environment.

SELECTED PROJECTS

Independent Roblox Game Development
Lua / Roblox Studio

- Designed and developed interactive Roblox experiences, including a game that surpassed **10 million plays**.
- Built gameplay systems, interfaces, progression mechanics, and leaderboards across multiple projects.

Lightnata
Flutter / Firebase / Google Maps

Power-Outage Reporting Prototype

- Built a mobile prototype for location-based outage reports and community power-status updates on an interactive map, with status categories, clustering, and administrative announcements.
